

2410F-1 High School Graduation Requirements

Documentation for Students Choosing a Third Credit of Math Other Than Algebra 2

File with the student's permanent record

Parent or Guardian Name _____

Student Name _____

Graduating Year of Student _____

I have met with _____ to discuss the option of my student
(advisor/school counselor/administrator)
taking the following course, _____. This course replaces
Algebra 2 in order to meet the third math credit graduation requirement for students in the
graduating class of 2013 and beyond.

I understand that students may choose a math course other than Algebra 2 if another course better
meets their education and career goals, as identified in their high school and beyond plan.

We understand the math admission requirements for two- and four-year colleges, and for credit-
bearing math courses at both types of institutions, including the potential impact that this decision
may have on the student's future educational and employment options.
